

**EQUIPOS FCA** opened its doors in 2004 with the firm determination to provide the construction industry in the Republic of Panama with the best construction equipment and superior service it has ever had.

We have grown at the pace our nation needs us to and our clients have confirmed their satisfaction through their loyalty and trust over these years.

Our main goal is to satisfy our clients' needs by providing them with the right equipment for their projects.

It is not only important to provide a good quality equipment, but it's as important to provide excellent service.....that is why we feel proud of ourselves every time our customers confirm to us that they have never received a service, like the one we provide

In **EQUIPOS FCA**, its founder and general manager **Fabio M. Correa A.** is on top of his company and in direct contact with his clients to solve their needs in the fastest and most efficient way possible.

We thank all our clients for giving us the opportunity to provide an excellent quality of service with no comparison.
